

THE ROYAL PORTFOLIO

The Silo Hotel

The Silo Hotel is a celebration of art, style, architecture, and design. A tribute to timeless glamour and contemporary luxury. This magical hotel towers above the V&A Waterfront and is surrounded by the natural wonder of South Africa's Mother City.

The Silo has been built in the grain elevator portion of the historic grain silo complex occupying six floors above Zeitz MOCAA (Museum of Contemporary Art Africa). Zeitz MOCAA houses Africa's largest collection of contemporary African art.

The exterior of the building was designed by Thomas Heatherwick, Founder and Principal of the London-based Heatherwick Studio. From the outside, the greatest visible change to the building's original structure is the addition of the ingenious glass windows inserted into the geometry of the hotel floors. These multi-faceted windows bulge outward as if gently inflated. By night, this transforms the building into a glowing beacon in the Table Bay harbour.
